

SCHOOLS STARTED!

Drivers, pay attention to the roads! Thousands of kids will be boarding buses, walking, or riding bikes in Lee and Charlotte counties.

Every year, hundreds of kids nationwide are hurt by drivers who illegally pass buses and don't pay attention - and a one-day study in Lee County wasn't encouraging in that respect.

The Florida Highway Patrol did surveys in April and May across the state. In Charlotte County, 73 people illegally passed a school bus and in Collier, 252.

The number in Lee County was staggering.

"Nine-hundred-fifty people ran the stop arms of a school bus... 950 in one day," said Robert Codie, Director of Transportation Services for the Lee County School District

Plantation Preserve Community,

We want to let you know that Comcast is messing up our lawns again. If you have any damage caused by Comcast to your grass, driveway or anything else please call Comcast claims department and file a claim. You will have to keep on top of it but they will fix the damage.

The second thing I want to bring to your attention is the south side of the lake. We started to work on it but due to the heavy rains we had to stop. The work will continue in September.

We hope everyone is having a safe and happy summer. School starts soon.

Thank you,

Chris Beckel President

Plantation Preserve HOA

If you see someone abuse the Plantation Preserve property please call the Sheriff's Office immediately! If you know the address they live call Randy Divley at 239-481-1577 and make a report, your identity will be kept anonymous.

P & M Property Management

14360 South Tamiami Trail Unit B Fort Myers Fl. 33912

Office # 239-481-1577

Fax # 239-481-1789

Please protect our Plantation Preserve Lake

It is a crime to pollute (throwing food scraps etc.) in any body of water in the state of Florida.

Those caught may be prosecuted.
